*** Refreshments can be purchased en-route on the first day of the tour, and at regular intervals throughout the tour.

10. HEALTH PRECAUTIONS & REQUIREMENTS

The only necessary prophylaxis for Southern and East Africa is against Malaria, but on this tour there is no eminent danger as Namibia is regarded mostly as a Malaria free zone however prevention is better than cure, so we do advise to also use insect repellent on exposed areas after sunset. Please consult with your general practitioner regarding this.

All Drifters guides have first aid boxes for use in emergencies, however we recommend that you bring along your own basic supply of medication, headache tablets etc.

Personal medication

Please bring along any personal medication that you might need on your tour as specific medication could be difficult to find or might not be obtainable in most places we visit. General medication for headaches, colds and fever are easy to get. Please also inform your guide of any medical conditions. This information will be received professionally and kept confidential.

11. MEALS AND REFRESHMENTS

Meals are provided as indicated in the brochure/website. We do not provide meals on the first day of your tour. We do however stop en-route; therefore it is always possible to buy something along the way. Soft drinks, bottled water and alcohol are for your own expense; there is ample opportunity during the tour to buy refreshments. The guide will advise when you need to stock up for a couple of days.

12. PERSONAL EXPENSES

A reasonable amount of personal spending money must be brought on our tours. This is to cover own expense meals as indicated in our Drifters Brochure, bottled water, soft drinks, alcohol, sundry goods purchased- such as suntan cream etc., curios, optional extra excursions, airport tax, transfers and tips.

In Africa things work a little different to the rest of the World. Tipping or gratuity, unless otherwise specified, is not included in the price you pay for services delivered. This accounts for restaurant meals, casual help and the services of the guide or guides that you will meet on your tour.

In Southern and East Africa it is classified as a common courtesy to **TIP** "casual help (guides)".

This **TIP** is not something that is forced upon you by any means, but in many industries of tourism it is customary. It works as follows: if you believe your guide has lived up to your expectations and has performed his/her job in a way that you respect and are happy with the services rendered, an amount of R 50 per day or equivalent amount of R50 per day in any major currency **per person per day** would constitute a fantastic tip. Remember that this is just a guideline and is not by any means compulsory, but seen as common courtesy in Southern and East Africa.

13. GROUP SIZE (Max 17)

Group size varies from 4 – 17. The guide will always advise clients to rotate seats for everybody to get a different view.

14. ON SAFARI

All our tours require participation from all group members. This entails assisting with the food preparation, washing of dishes, keeping the truck clean and the setting up the camp.

Please keep in mind that flexibility and an open mind will greatly contribute to an enjoyable safari.

We are travelling in developing countries therefore please do not expect the punctuality you have come to expect in first world countries. Things do not always run according to plan, however we do endeavour to run according to the itinerary as best as possible.

DRIFTERS WISH YOU AN ENJOYABLE AFRICAN EXPERIENCE

At time of going to print the above itinerary was correct but Drifters continually strive to offer our clients the best available tour options and as such we reserve the right to change aspects of the itinerary at our discretion. During the validity of the published itinerary conditions will change, roads are improved or deteriorate often opening up new routes, contracted camps and accommodation facilities change standards, optional activities become available or are discontinued, new border posts open and old ones become congested, etc. Drifters are continuously monitoring all of the factors that make up a successful tour and as such will make amendments to the published itineraries if circumstances demand or if we believe that the change will enhance the tour.
